

Welcome to the new updated version of the Coolafancy Stud website. Coolafancy, Tinahely, is situated in beautiful picturesque Wicklow on the Wexford

border. Well worth a visit!! We have been both breeding top quality American Paint horses for the last six years and [Yorkshire Terrier](#) dogs for the last eighteen years. Here we stood our beautiful Sorrel Overo stallion, LIKE A CLU, who sadly died last January. He was an exceptional American Paint Horse with a pedigree to die for. One of his first foals born in Ireland we bred [Coolafancy Clu's Arrowhead](#) and sold him last year. He went on to jump in both classes in the RDS and Millstreet in Cork. See our [Achievements Page](#) for full details. We now stand our black and white stallion, [Fearless Warrior](#), who has an exceptional pedigree too which you can read on the site.

Our dog breeding is going very well. My first bitch Twinkie sadly died last year at 18 years. She was beautiful and had a beautiful temperament. I have the excellent breeding Ozmillion which is one of the top breeding in the UK. I have sold pups to as far away as USA, Cayman Islands, France, Poland, UK etc. I only breed from good bloodlines which is very important. Here are three of my dogs at present, Rash, Amie and Tatty all are beautiful and very well bred.

Please feel free to browse our website and we would be very interested in any [comments you may wish to make](#)
